

THE ZEP 3 STEP SYSTEM: DEEP CLEAN | DISINFECT | MAINTAIN

"Is my business clean enough?"

"How can I continue to keep everyone safe?"

"Am I cleaning things the 'right' way?"

Zep
3-STEP
SYSTEM

Deep Clean.
Disinfect.
Maintain.

PROFESSIONAL SOLUTIONS TO KEEP
YOUR BUSINESS OPERATIONAL

Step 1 DEEP CLEAN.

Always clean areas first by removing grease, dirt, soil and biologicals from surfaces and high-touch areas.

Step 2 DISINFECT.

Properly disinfect on a deeper level with products that help reduce the spread of harmful germs.

Step 3 MAINTAIN.

Gain peace of mind by continuing to keep surfaces clean.

Zep has the **Professional Solutions** to keep you, our valued customers, operational during these challenging times. Our experts can provide you with solutions across three dimensions:

- 1. Deep Clean** – When you reopen operations, deep cleaning comes first, and Zep has the right professional grade cleaners to help you.
- 2. Disinfect** – It is not just about using disinfectants and sanitizers, it's **how** these products are used that can make the difference. Our representatives can help you ensure proper use.
- 3. Maintain** - Cleaning is not a one time event. The right maintenance schedule is needed to keep a clean environment.
